GOWANS'S ART BOOKS

Oct. 1st, 1910

Messrs. Gowans & Gray ask with confidence for the continued support of this undertaking by lovers of art. It is their hope to be able to cover the whole field of classic painting by including all important artists who were born before the year 1800, and the preparation of new volumes is being carried on steadily and systematically with this end in view.

As new editions of earlier volumes are called for, improvements are made when considered advisable: newly discovered pictures are inserted, and opportunity is taken to discard inferior pictures if others of superior merit are found to be obtainable.

The publishers hope to accelerate the issue of the series by publishing future volumes at the rate of at least twelve yearly, and their efforts will be very much assisted if those who appreciate the books will place standing orders, "till further notice," with their booksellers.

They beg to announce the following, with approximate dates of issue:

39. THE MASTERPIECES OF BOUCHER [*Oct.*, 1910
40. THE MASTERPIECES OF CONSTABLE [*Oct.*, 1910
41. THE MASTERPIECES OF UCCELLO, VENEZIANO, MASACCIO, AND CASTAGNO [*Oct.*, 1910
42. THE MASTERPIECES OF JAN STEEN [*Oct.*, 1910
43. THE MASTERPIECES OF CLAUDE [*Nov.*, 1910
44. THE MASTERPIECES OF MORLAND [*Nov.*, 1910

THE sixty pictures which follow are all considered to be genuine by Mrs. Mark Pattison (Lady Dilke) in her admirable "Claude Lorrain, sa Vie et ses Œuvres" (Paris, 1884). The selection has been confined to pictures, the original drawings for which are to be found in Claude's "Liber Veritatis," that famous book in which he made sketches of many of his pictures for his own use.

TURNER'S "LIBER STUDIORUM"

MINIATURE EDITION

Containing, not only the 71 published plates, but also reproductions of all the unpublished plates as the artist left them.

This little volume is indispensable to all readers of Ruskin. It does what has never been done before, it provides reproduction of the unpublished plates which Ruskin often refers to, and it does this at a price unprecedented for cheapness. The illustrations are printed in our best style on the finest of papers.

Why so little is known about the great art of Sculpture by the general public in this country it is difficult to say. Now that the present volume has been published, however, there is no longer any excuse for not knowing something, at least, about its most famous masterpieces. The examples are chosen by one of the greatest living art-critics, and no book of a similar kind has ever been placed upon the market at anything approaching the price.
